**MONTANA  
TRACK CLAWS,  
Incorporated**

**NEW  
PRE-SEASON  
INVENTORY  
Get Them While  
They Last!**

**Hundreds of  
Satisfied  
Customers  
Coast to Coast**

Track Claws are reusable, quick  
connect traction devices that  
require no welding or cutting.

Their unique "V" design provides penetrating traction while minimizing side  
slippage for improved safety.

Track Claws can be installed in minutes using only a ratchet and socket. No  
pad bolts are used in the installation - they bolt through the clean out hole using  
a special bottom plate (included) and a zinc plated grade 8 bolt.

Durable and reusable, Track Claws are made of higher grade material than  
track pads. Then they are heat treated  
creating a durable product that can be  
reused many times.

Track Claws are available for all popular  
styles of track pads including single,  
double and triple grouser bar styles. For  
pads without cleanout holes, a template  
will be provided.

# The Northeast's biggest and best forest industry show returns to Bangor, Maine in May 2025!

Thousands of hard-working people are planning to gather in May to conduct some serious business and to have some fun. The **LOGGERS' EXPO** features a wide array of supplies and services, heavy equipment and trucks — for loggers and land clearers, tree care professionals and firewood dealers, sawmillers and landowners. This year's show also features the **Weiler Log Loading Competition**, the **Komatsu Forwarder Competition**, and the famous **Axe Women Loggers of Maine**.

**MAY 16-17, 2025**

**CROSS INSURANCE CENTER, BANGOR, MAINE**

For information about attending or exhibiting at the Loggers' Expo:
